ABOUT US

Can you imagine about one stop solution for all your weighing related concerns? With Master Scales, you can rest all your concerns with us.

We carry an expertise of 30 years in this business and have catered to more than 50000 customers.

OUR CORE STRENGTH

Customer Satisfaction – We assure you that we meet your expectation in terms of our product with timely delivery.

Quality – Product Quality is uncompromisable for us. Our resources and machinery are continuously aligned to improve and achieve desired quality.

Technology driven – We walk with growing technology. Our advanced machinery ensures that we deliver what we promise!

Service Backup : We don't just sell products; we build long-term relationships. Our dedicated service team ensures that you get the support you need, whenever you need it. With a strong after-sales network, we are always ready to assist you.

TABLE TOP SCALE INFORMATION

- Capacity: 1Kg to 50Kg
- Tare zero function
- Inbuilt Battery Backup
- Least Count Accuracy
- Perfect and accurate results in 5 Secs
- Auto Calibration
- Extra Display Function
- Pan size: 175x225 mm & 240 & 280
- Low maintenance
- Add on feature: Rs 232 attachment, Price computing: Piece Counting Printer scales

JEWELLERY SCALE INFORMATION

- Capacity : 300gm to 3200gm
- Both loadcell and magnet base available
- Tare zero function
- High Accuracy
- Least Count Accuracy
- Perfect & Accurate result within 5 sec.
- Extra display function
- Easy to calibrate

ANALYTICAL BALANCE INFORMATION

Our small, high-precision weighing scales deliver accurate and reliable measurements for laboratories, pharmaceuticals and quality control. With advanced sensor technology and a compact design, they ensure effortless precision for even the smallest weights.

- Capacity : 30gm to 600gm
- Accuracy : 0.001mg to 1mg
- Rs. 232, Extradisplay
- Battery Back Up
- Accurate & Partial Result
- Least count Linearity
- Au to Calibration

GOLD TESTING MACHINE INFORMATION

Gold Testing Machine is a state-of-the-art device for accurately testing the purity and authenticity of gold and other precious metals. Perfect for jewellers, banks and bullion dealers, this machine ensures fast and non-destructive testing with results in seconds.

MOBILE SCALE INFORMATION

- Capacity: 30Kg to 1000Kg
- Tare zero function
- Inbuilt Battery Backup
- Least Count Accuracy
- Perfect & Accurate result within 5 sec.
- Auto Calibration
- Extra Display Function
- Pan size: 300X300 mm; 400X400mm; 500X500mm; 600X600mm & 750x750mm
- Low maintenance
- Add on feature: RS232 Attachment

PLATFORM SCALE INFORMATION

- Capacity: 50Kg to 5 Ton
- Tare zero function
- Inbuilt Battery Backup
- Least Count Accuracy
- Add on feature: RS232 Attachment; Price Computing; Piece Counting; Printer Scales; Label Printer; Heat Proof
- Auto Calibration
- Extra Display Function
- Pan Size: 500x500 mm, 600x600mm, 750x750mm, 900x900mm, 1200x1200mm & 1500x1500mm
- Low maintenance
- Perfect & Accurate result within 5 sec.

CUSTOMISED SCALE INFORMATION

- Capacity: 100Kg to 100Ton
- Tare zero function
- Inbuilt Battery Backup
- Least Count Accuracy
- Add on feature: RS232 Attachment; Price Computing; Piece Counting; Printer Scales; Heat Proof
- Auto Calibration
- Extra Display Function
- Pan size: As customer requirement & Design
- Low maintenance
- Perfect & Accurate result within 10 sec.

CRANE SCALE INFORMATION

- Capacity: 50Kg to 50Ton
- Tare zero function
- Tare zero function by remote
- Inbuilt Rechargeable Battery Backup
- Least Count Accuracy
- Perfect & Accurate result within 10 sec.
- Low maintainance
- Add on feature: RS232 Attachment; Wireless Indicator with Printer/Label Printing; Heat Proof; Remote Indicator

WEIGHBRIDGE & WEIGHPAD INFORMATION

Weight Bridge:

Our Weight Bridge is the perfect solution for high-capacity, heavy vehicle weighing. Ideal for industries like logistics, transportation and construction, this durable system ensures accurate weight measurement for trucks, containers and other large vehicles.

Weight Pad:

Weight Pad is a compact, portable weighing solution designed for smaller-scale applications. Perfect for weighing individual loads, small vehicles, or goods at various locations, this device offers quick and accurate results without the need for a permanent setup.

CALLIBRATION WEIGHT INFORMATION

Engineered for accuracy and durability, our high-quality calibration weights ensure precise measurements for laboratories, industries and commercial use.

Made from corrosion-resistant materials, they meet industry standards for consistent and dependable calibration.

Capacity - 1mg to 1000kgs

MOC (- SS, Cast Iron, MS, Brass -) Material of Construction

E1, E2, F1, F2, M1, M2.

MANUAL VALUE COUNTER MACHINE INFORMATION

- Suitable for different currencies
- Counting speed ≥ 1000 pcs/min
- Extra Display Attachment
- Auto Half Note Detection
- With batch, Adding & Self Examination function
- Manual value setting feature for amount calculation
- Low maintenance
- Updatable software
- Double note Detection
- Automatic Starting
- With UV, MG, Detection while counting

MIX VALUE COUNTER INFORMATION

- Suitable for different currencies
- Counting speed ≥ 1000 pcs/min
- Extra Display Attachment
- With batch, Adding & Self Examination function
- Automatic value detection feature for amount calculation
- With UV, MG, Detection while counting
- Low maintenance
- Updatable software
- Double note Detection
- Automatic Starting
- Auto Half Note Detection

CURRENCY SORTER MACHINE INFORMATION

- With 2 CIS
- Non-stop counting with reject pocket
- Fake note checker
- Serial numbers of the notes can be checked
- Face/Orientation/Version/Denomination notes sorting
- Available currencies select: INR, USD, EUR
- Non-stop counting with reject pocket
- Interface:RS 232, USB, RJ-11
- Multi language interface
- Touch panel and big size TFT Display

BUNDLE NOTE CURRENCY MACHINE INFORMATION

- Easy to operate
- Low maintenance
- High counting speed
- With UV Light

WATER PURIFIER & RO INFORMATION

RO Water Purifiers

Our RO (Reverse Osmosis) systems use advanced multi-stage filtration to remove impurities, bacteria and harmful contaminants, ensuring that every sip you take is 100% pure and safe.

- Advanced RO + UV Filtration
- Mineral Retention Technology
- Smart Auto-Clean System
- Compact & Stylish Design

WATER COOLER INFORMATION

Water Coolers

Our high-quality water coolers are built to provide chilled water instantly, making them ideal for homes, workplaces and public spaces.

- Fast Cooling Technology
 - Energy-Efficient Performance
 - Durable & Rust-Resistant Body
 - Low Maintenance Design
-
- Ss304 body, S202
 - Low maintenance
 - Consist of auto shutdown compressor
 - Temperature regulatory system
 - Fast cooling

VERTICAL CHILLERS INFORMATION

- Capacity: 500 Ltrs. to 2000 Ltrs.
- Power supply: 230V / 50Hz / 1Ph
- Temperature Range: (-20°C to 10°C)
- Low maintenance
- Fast cooling
- Inner cabinet: SS 304
- No. of lids: 2 to 8
- Puff thickness: 60mm

VISI COOLER FREEZER INFORMATION

- Capacity: 300 Ltrs. to 1000 Ltrs.
- Power supply: 230V / 50Hz / 1Ph
- Temperature Range: (2°C to +8°C)
- Low maintenance
- Fast cooling
- Puff thickness: 40mm

DEEP FREEZERS INFORMATION

- Capacity: 125 Ltrs. to 1500 Ltrs
- Power supply:- 230V /50Hz / 1Ph
- Temperature Range: (-80°C to +8°C)
- Low maintenance
- Fast cooling
- No. of Lids: 1, 2, 3
- Puff thickness: 60mm

UNDER COUNTER REFRIDGERATOR INFORMATION

- Capacity: 250 Ltrs. to 1000 Ltrs.
- Power supply: 230V / 50Hz / 1Ph
- Temperature Range: (0°C to +8°C)
- Low maintenance
- Fast cooling
- No. of lids: 2 to 4
- Puff thickness: 60mm

MAKELINE OR SALAD COUNTER INFORMATION

- Capacity: 250 Ltrs. to 750 Ltrs
- Power supply:- 230V / 50Hz / 1Ph
- Temperature Range: (0°C to +8°C)
- Low maintenance
- Fast cooling
- Refrigerant: R-134A
- No. of Lids: 2, 3, 4
- Puff thickness: 60mm

PERSONAL AND HOME CARE PRODUCTS INFORMATION

- Tara Zero Function
- Battery Operated
- Least Count Accuracy
- Perfect & Accurate result within 10 sec.
- Auto Calibration
- Portable & Handy
- Affordable Prices
- Make in India

STABILIZERS INFORMATION

Power fluctuations can damage your valuable appliances, but with MASTER Electrocrafts Stabilizers, you get unmatched protection, efficiency and durability. Designed to ensure steady voltage supply, our stabilizers safeguard your electrical devices from sudden voltage spikes and drops, enhancing their lifespan and performance.
